

DIYALA JOURNAL OF ENGINEERING SCIENCES

Instructions for Authors

1. Diyala Journal of Engineering Sciences concerned with the publication of the engineering original manuscripts: research papers, scientific notes and articles in Arabic or English language. The journal is issued four times a year.
2. Authors are requested to submit five copies of each manuscript typed on white A4 papers and one side leaving margin 2.5 cm from top, bottom, right, and left.
3. All manuscripts are subjected to peer review by qualified reviewers before acceptance for publication.
4. Manuscripts shall be considered for publication only with the understanding that they are neither under concurrent consideration by any other journal nor have been published elsewhere.
5. Accepted manuscripts will become the property of Diyala Journal of Engineering Sciences.
6. Manuscripts are only acceptable after payment of annual subscription and publication cost by the author (s) whose name (s) appears in the paper.
7. Telling the author when the manuscript not accepted for publication.
8. Giving the author copy of the manuscript after the journal issued.
9. Manuscripts should be type written as follow:
 - Manuscript title in capital letters and at the middle of page using **Times New Roman** type and the size **16 Bold** in capital letters.
 - Names of author or authors and the scientific degree under the manuscript title with the name of organization, E-mail address, and an indication to whom correspondence should be addressed using **Times New Roman** type and the size **12 Bold**.
 - The titles of the main manuscript sections in capital letters and at the left side of page using **Times New Roman** type and the size **14 Bold** in capital letters.
 - Writing type of the manuscript is **Times New Roman** and the size **12 normal**.
 - Write the abstract and keys of wards in the beginning of manuscript.
 - Typed the tables and numbered (above the table) respectively according to the sequence to be mentioned in the manuscript and supplied with titles and indicated for these tables according to the same sequence in the manuscript Using **Times New Roman** type.
 - Plot figures and numbered (below the figure) respectively according to the sequence to be mentioned in the manuscript and supplied with titles and must be clear and indicated for these figures according to the same sequence in the manuscript Using **Times New Roman** type. Any figure is neglected if it is out of requirements of publication.
 - All equations must be numbered according to the sequence to be mentioned in the manuscript and the number subjected between two small brackets in front of equation.
 - All tables, figures, pictures, and flow diagrams are subjected after references.
 - S.I. units should be used.
 - References to the literatures should be numbered and subjected between two small brackets ^(superscript) consecutively in the text in the order in which they are first mentioned, and listed at the end of the manuscript. Examples of forms of references are given below,

Journal: Abdul Mun'em, A. K. and Serwan, I. A. K. "Phase Equilibria Modeling for Separation of Solid Mixtures by Supercritical Carbon Dioxide on Excel" Diyala J. For Applied Researches, Vol.4, No.1, Diyala University, Diyala, Iraq, **2008**. pp: 119-150

Books: Smith, J.M., H.C. Van Ness and M.M. Abbott, "Introduction to chemical engineering thermodynamics" 5th ed. Chemical engineering series. McGraw Hill, New York, **1996**.

Chapter in a book: Cabala J. C. and Miller M.W., "Chemistry of Antiprotozoal Agents" In: Campbell W. C. Raw R. S., Eds. "Chemotherapy of Parasitic Diseases", New York, Plenum Press, **1986**. pp: 25 - 85.

Thesis: Abdul Mun'em, A. K., "Phase Equilibrium Study for the Separation of Solid and Liquid Components Using Supercritical Carbon Dioxide", Ph.D. Thesis, Chem. Eng. Dept., Technology University, Baghdad, Iraq, **1998**.

Conference: Brunner, G., and Peter, S., "Gas Extraction in The Presence of an Entrainer" Proceedings of 2nd World Conference of Chemical Engineers, Montreal, Canada, **1981**. pp: 81

- The space between rows is one and a half (**1.5**) throughout the text.
- If the manuscript in English language, then must be contained title, name of author (s), and abstract in Arabic language and subjected at the end of manuscript in single page and the reversing is correct for manuscript in Arabic language.

10. Address all correspondence and inquiries to the following:

Editorial Secretary, Diyala Journal of Engineering Sciences, Engineering College, University of Diyala, Baquba, Diyala- Iraq.
